INDEX OF AUTHORS FOR THE YEAR 1905.

VOL. XIV.

ACHSHARUMOW, 175.
Alderton, 170.
Alexander, G., 360.
Alt, F., 173.
Anrooy, H. van, 198.

BACON, 592.
Ballenger, W. L., 394, 569, 571, 613.
Barth, E. E., 199.
Baumgarten, 207.
Beck, J. C., 785.
Berens, T. P., 485.
Blau, A., 789.
Blum, L., 798.
Botey, 802.
Braislin, 594.
Broeckaert, 802.
Brose, L. D., 618.
Brown, E. J., 614.
Bruce, 615.
Bryant, W. S., 274, 283, 424, 547, 593.
Burger, 197.

CABOCHE, H., 92.
Canfield, R. B., 603.
Capart, 429.
Cauzard, Pierre, 60.
Chauveau, 797.
Citelli, S., 181.
Clark, J. P., 601.
Claus, 180.
Coakley, C. G., 16, 431.
Cobb, F. C., 529.
Coffin, L. A., 491, 569.
Cott, G. F., 618.
Culp, J. F., 570.
Cumberbotch, 596.
Curtis, H. H., 502, 605.

DEAN, L. W., 782.
Dench, E. B., 167, 425, 586.
Douglass, O. B., 567, 570.
Dudley, W. H., 27.
Dunbar, Wm., 304.

ESCAT, 191.
Eschweiler, 801.

FARLOW, J. W., 289.
Foster, E. E., 363.
Freer, O. T., 213, 605.
French, T. R., 194.
Freudenthal, W., 494, 568, 616.
Freytag, 163.
Friedenburg, 797.
Fullerton, 618.
Furet, 801.

GELLE, 795.
Gerber, 165.
Gibb, Jos. S., 183.
Glas, E., 793.
Glatzel, 186.
Godwin, 596.
Goerke, B. M., 189.
Good, W. H., 206.
Goodale, J. L., 1.
Grant, D., 791.
Gray, A., 596.
Griffin, H. E., 202.
Gruenwald, 182.

HALSTED, T. H., 568.
Hasting, H., 617.
Hammond, P., 172.
Harland, W. G. B., 206.
Harmer, 81.
Harris, T. J., 571, 738.
Haskin, W. H., 509.
Henkes, C. I., 161.
Herring, 603.
Holmes, C. R., 611.
Horder, T. J., 592.
Horlbeck, 166.
Hotz, F. C., 760.
Hubbard, T., 683.
Hurd, L. M., 32.

INGALS, E. F., 513, 617.
Ingersoll, J. M., 267.
Isemer, 419.

JACOBI, 424.
Jack, F. L., 722.
Jackson, C., 571, 577, 584.
Joal, 427.

KAHLER, 799.
Kan, P. Th. L., 162, 186.
Keiper, Geo. F., 173.
Kelly, 606.
Kenefick, 422.
Kerley, 793.
Killian, G., 363.
Knapp, Arnold, 163, 705.
Kolipinski, L., 602.
Konietzko, 419.
Kraft, O. H., 581.
Kreuder, H., 599.

LAKE, R., 578.
Laval, P., 418.
Leland, G. A., 658.
Leonard, Z. L., 56.
Lermoyez, 427.
Lewis, 168, 171.
Loeb, C., 109.
Loeb, H. W., 332.
Logan, J. E., 569.
Lombard, E., 92.
Luc, 417.

MAC COY, A. W., 604.
Mackenzie, 185.
McCaw, J. F., 589.
McCoy, Jno., 605.
McKernon, J. F., 52, 595, 730, 792.

Mahn, 427.
Marquis, G. P., 581.
Marsh, F., 615.
Massei, 202, 426.
Mayer, E., 617.
Menzel, K. M., 790.
Mernod, 794.
Meyjes, P., 196, 204.
Mosher, H. P., 573, 575, 577.
Myers, H. L., 570.
Myles, R. C., 192.

NEUENBORN, 800.

OUSTON, T. G., 595.
Owen, Sir J., 615.

PARRY, T. W., 556.
Pasteur, W., 606.
Pel, P. K., 203.
Phillips, W. C., 21, 573, 600.
Politzer, 792.
Prentiss, A. J., 782.

QUIX, F. H., 159, 160.

RANDALL, B. A., 590.
Rethi, L., 184.
Reynolds, D. S., 606.
Rhodes, J. E., 201.
Richards, 591.
Richards, G. L., 68.
Richards, J. D., 35.
Richardson, C. W., 568.
Roe, J. R., 604.
Rosenberg, A., 800.

SEMON, Sir F., 200, 428.
Sendziak, J., 619.
Shambaugh, 421.
Sheppard, J. E., 344.
Shurley, R., 199.
Smith, H., 605.
Smith, S. M., 712.
Solly, S. E., 687.
Soudermann, 176.
Sprague, F. B., 533, 567.
Stephens, 169.
Struycken, 159, 187, 204.
Stucky, J. A., 190, 569, 571.

TAKABATAKE, 166, 189.
Tenzer, F., 109.
Theisen, C. F., 698.
Toeplitz, M., 599.
Tollens, 188.
Tretop, 84.
Turner, A. L., 596.

VEIS, 176.
Voislawsky, 768.
Voss, 164.

WARREN, J. C., 193.
Wells, W. A., 466, 571, 590.
Wiener, A., 588, 595.
Wilcox, R. W., 185.
Wingrave, W., 615.
Wood, G. B., 612, 613.

YANKAUER, S., 616.

ZAALBERG, P. J., 160, 178, 303.
Zarnike, 183.
Zuckerkandl, E., 190.
Zwaardemaker, 176, 195.

INDEX OF SUBJECTS FOR THE YEAR 1905.

VOL. XIV.

ADENOCARCINOMA nose, Killian's operation, McCoy, 605.
Adenoid cachexia, Takabatake, 189.
Adenoid vegetation, removal causing stenois nasophrynx, Escat, 191.
Adenoids under general anesthesia, proper position patient removal, Holmes, 611.
Adenopathies in affections nose and rhinopharynx, Gelle, 795.
Adenotomy, hemorrhage after, Kau, 186.
Adrenalin chlorid, edemetous swelling dispersed, etc., French, 194.
Aero-thermotherapy in therapeutics otorhinology, real value, Lermoyez and Mahn, 427.
American Laryngological, Rhinological and Otological Society, address of President, Cobb, 529.
American Laryngological, Rhinological and Otological Society, presentation cases, 567; instruments, 571; specimens, 577.
Anatomic anomalies found during mastoid operation, Braislin, 594.
Anesthesia external auditory canal, regional, Laval, 418.
Anesthesia in laryngologic and otologic practice, clorid of ethyl, Neuenborn, 800.
Anesthesia, local, in major and minor operations on ear, etc., Marquis and Kraft, 581.
Aneurism aorta causing paralysis recurrent laryngeal nerve, Hasting, 617.
Aneurysma aortae, diagnosis, Pel, 203.
Angina followed by purulent thrombosis cavernous sinus, etc., Tollens, 189.

Angina Ludovici, salivary calculus simulating, Wingrave, 615.
Angina, Vincent's, Bruce, 615.
Angioma starting from auricle, malignant, Struycken, 159.
Angioneurotic edema, case, Douglass, 567.
Antral empyemata, relative frequency dental and nasal, Richards, 68.
Antrum, case secondary purulent otitis media complicating empyema maxillary, Konietzko and Isemer, 419.
Antrum, epithelioma, Jackson, 577.
Antrum Highmore, inflamed dentigerous cyst simulating abscess, etc., Haskin, 509.
Antrum Highmore, inspection, Kelly, 606.
Antrum Highmore, removal greater part inner wall through nostril for empyema, Freer, 605.
Antrum, results operation by maxillary route diseases maxillary, etc., Berens, 485.
Antrum, treatment chronic empyema, etc., Canfield, 603.
Aorta aneurism causing paralysis recurrent laryngeal nerve, Hasting, 617.
Apnea, reflex, etc., Harland and Good, 206.
Arsenic, action on ear, Blau, 789.
Aural discharges, personal attention essential, Hotz, 760.
Aural examination in acute diseases children, importance early, McKernon, 595.
Auricle, malignant angioma starting from, Struycken, 159.
Auricles treated by operation, protruding, Ouston, 595.

BABINSKI'S method, results treatment tinnitus and deafness, Tretop, 84.
Blood-vessels in labyrinth ear sheep and calf, distribution, Shambaugh, 421.
Book Notices, 209, 210, 211, 212, 430.
Brain abscess and encephalitis symptomatology, etc., Jack, 722.
Brain abscess, otitic, etc., Keiper, 173.
Brain abscess resulting from chroic purulent otitis media, report of case, McKernon, 52.
Brain abscess, two fatal cases, Dench, 586.
Brain statistics otitic diseases, Takabatake, 166.
Brain, two cases of abscess of temporal lobe, Voss, 164.
Bronchoscope, Jackson, 571.
Bronchus, foreign body in, removal by aid bronchoscope, Yankauer, 616.

CACHEXIA, adenoid, Takabatake, 189.
Cancer larynx, Semon, 200.
Carcinoma laryngis, Anrooy, 198.
Carcinoma laryngis cured by radical operation, Burger, 197.
Carcinoma of larynx, Solly, 687.
Cardiac inhibition in operation on respiratory tract, Harland and Good, 207.
Catarrh, treatment chronic nasal, with sulphur, Kolipinski, 602.
Cerebellar abscess, two cases cured, Alt, 173.
Cervical adenitis, removal faucial tonsils to prevent, Myles, 182.
Cervical glands in affection pharynx, swelling, Struycken, 187.
Cholesteatoma and endocranial complications in case chronic purulent otitis, Knapp, 168.
Cholesteatoma, further remarks on case presented a year ago, Dudley, 27.
Chromophotography of the vocal and sound-vibration, Struycken, 204.
Collodion, use when membrana tympani is relaxed, Bryant, 283.
Crico-thyroid muscles, action, Barth, 199.

DEAFNESS, results Babinski's treatment, Tretop, 84.
Diphtheritic exudation, double mastoiditis followed by, Horlbeck, 166.
Diplococcus intracellularis causing otitis, etc., Bacon, 592.

EAR, emphasizing points of practical importance anatomy child's, Bryant, 424.
Ear in childhood, operative treatment diseases, Dench, 425.
Ear, suction as means of treatment diseases, Soudermann, 176.
Ear, three cases tumor, Gerber, 165.
Ear, tumors, Voislawsky, 768.
Ear underlying aural and general disease, pathology infant's, Kenefick, 422.
Encephalitis and brain abscess, symptomatology, etc., Jack, 722.
Epiglottis, origin cysts, Kahler, 799.
Epilepsy, notes otitic, Randall, 590.
Epithelioma antrum, Jackson, 577.
Epithelioma larynx, Jackson, 577.
Erysipelas, primary, larynx, Blum, 798.
Esophagescope, Jackson, 571.
Esophagus, Killian's inspection, Mosher, 577.
Ethmoid cells, orbital and meningeal infection from, McCaw, 589.
Ethmoid labyrinth, operation by maxillary route, etc., Berens, 485.

Ethmoid, treatment chronic empyema antrum combined with empyema, Canfield, 603.
Ethmoiditis, external operation for relief, Coffin, 491.
Eustachian tube in aural diseases and treatment, stricture, Bryant, 274.
Eustachian tube, new means securing permanent dilation, Achsharumow, 175.
Eustachian tube obstruction a factor in post-operative mastoid fistula, etc., Hubbard, 683.
Extradural abscess, case, Henkes, 161.
Extradural abscess, otogenous sinus thrombosis with large, Zaalberg, 160.

FACIAL canal, anomaly, Prentiss and Dean, 782.
Facial nerve, some points respecting anatomy, Alderton, 170.
Facial paralysis, surgical treatment, Furet, 801.
Fundus oculi in diseases of ear, appearance, Tenzer, 109.

GARCIA, MANUEL, Farlow, 289.
Glioma of nose, Clark, 601.
Glottis, unusual case edema, Mayer, 617.

HAY-FEVER, address on cause and treatment, Dunbar, 304.
Hay-fever, serum treatment, Loeb, 332.
Hearing, value present quantitative tests, with new instrument, Bryant, 593.
Hemorrhage after adenotomy and tonsillotomy, Kan, 186.
Hemorrhage larynx, Rhodes, 200.
Hemorrhage, post-operative nasal, etc., Wilcox, 185.
Hemorrhage, primary and secondary tonsillar, etc., Brown, 614.
Hemorrhage, spontaneous tonsillar, Somers, 192.
Hemorrhage upper air passages periodic, Baumgarten, 207.
Hypnotic suggestion in Meniere's complex of symptoms, Parry, 556.

INTRACRANIAL complication middle ear suppurations symposium, 712.
Intubation, report cases, Shurley, 199.
Intubations, century, Cott, 618.

JUGULAR bulb thrombosis in children complication acute purulent otitis media, primary, McKernon, 792.
Jugular thrombosis, etc., complicated by leptomeningitis, Richards, 591.
Jugular vein ligation on account ear diseases, Grant, 791.

KILLIAN'S inspection trachea and esophagus, Mosher, 577.
Killian's operation frontal sinus followed by meningitis, Mernod, 794.
Killian's operation radical removal adenocarcinoma nose, McCoy, 605.

LABYRINTH caries, vertigo, operation, recovery, Cumberbotch, 596.
Labyrinth in chronic suppuration middle ear, pathologic changes, Politzer, 792.
Labyrinth, pathological anatomy, Quix, 160.
Labyrinth sheep and calf, distribution blood-vessels, Shambaugh, 421.
Lamp, improved head, Stucky, 571.
Lamp, modified head, Phillips, 573.
Laryngeal stridor in infant, Fullerton, 618.
Laryngeal syphilis requiring tracheotomy, case, Theisen, 698.
Laryngitis, chronic, Ingals, 617.
Laryngopharyngeal polypi, Botey, 802.
Larynx, carcinoma, Solly, 687.
Larynx child, papillomatous growth, Brose, 618.
Larynx, effects rays radium on mucous membrane, Freudenthal, 616.
Larynx, epithelioma, Jackson, 577.
Larynx, primary erysipelas, Blum, 798.
Lateral sinus thrombosis after acute mastoiditis, etc., Knapp, 705.
Leptomeningitis complicating infective sigmoid sinus and jugular thrombosis, Richards, 591.
Leptomeningitis following Killian's operation on frontal sinus, Mernod, 794.
Leptomeningitis following radical operation for chronic suppurative otitis media, etc., Phillips, 21.
Lumbar puncture and affections of ear, Lombard and Caboche, 92.
Lumbar puncture in Meniere's corylex of symptoms, etc., Parry, 556.
Lupus of nose as form true tuberculosis, earnest plea to classify, Massei, 426.

MALLEAL ligament, use collodion when relaxed, Bryant, 283.
Mastoid cases, etc., review, Leland, 658.
Mastoid disease with operation, observation two hundred cases, Sprague, 533.
Mastoid exenteration, case otitic epilepsy cured by, Randall, 590.
Mastoid fistula, obstruction Eustachian tube a factor in post-operative, etc., Hubbard, 683.

Mastoiditis followed by diphtheritic exudation, double, Horlbeck, 166.
Mastoiditis followed by thrombosis sinuses, etc., Knapp, 705.
Mastoiditis following otitis caused by diplococcus intracellularis, Bacon, 592.
Mastoiditis, palliative treatment, etc., Hammond, 172.
Mastoiditis, removal sequestrum and stapes, etc., Braislin, 594.
Mastoiditis, unusual forms Bezold's, etc., Luc, 417.
Maxillary antrum, experimental irrigation, Menzel, 790.
Meatus, otolith, ext. auditory meatus, Godwin, 596.
Meniere's complex of symptoms, etc., Parry, 556.
Meninges, statistics otitic diseases, Takabatake, 166.
Meningeal infection from ethmoid, McCaw, 589.
Meningeal symptoms, recovery from sinus thrombosis notwithstanding, Jackson, 584.
Meningitis following acute mastoiditis, etc., Knapp, 705.
Meningitis following otitis caused by diplococcus intracellularis, Bacon, 592.
Meningitis, its symptomatology, diagnosis and treatment, Smith, 712.
Meningitis, purulent basillar, following angina, etc., Tollens, 188.
Meningitis, tubercular, following radical operation for chronic suppurative otitis media, etc., Phillips, 21.
Middle-ear diseases and their complications, mooted points treatment acute, Wiener, 595.
Middle-ear diseases, pathological findings of intracranial complications, Harris, 738.
Middle-ear, new method treating suppurating catarrh, Gray, 596.
Middle-ear, obstruction of Eustachian tube a factor in chronic suppuration, Hubbard, 683.
Middle-ear, pathologic changes in labyrinth in chronic suppuration, Politzer, 792.
Middle-ear suppuration, intracranial complications, symposium, 712.
Middle-ear suppuration, radical operation chronic, Dench, 167.
Mucosa, peculiar form hyperplosia, Semon, 428.
Mycosis of throat treated by X-rays, report of case, Hurd, 32.
Mycosis of upper respiratory tract, etiology and treatment, Sendziak, 619.

NASAL chambers, medicated ointments in certain affections, MacCoy, 604.
Nasal deformities, correction by subcutaneous operation, Roe, 604.
Nasal fossae, method demonstrating passage air through, Glatzel, 186.
Nasal obstruction and nutrition, Friedenburg, 797.
Nasal reflex, Rethi, 184.
Nasal splint, Mosher, 575.
Nasofibroma treated by injection monochloracetic acid, Smith, 605.
Nasopharyngitis due to systematic disturbances, lithemic, Stucky, 190.
Nasopharynx, examination by touch and explorers, Courtade, 195.
Nasopharynx, secondary stenosis, Escat, 191.
Nerve, case paralysis recurrent laryngeal, from aneurism arch aorta, Hasting, 617.
Nose, adenopathies in affections, Gelle, 795.
Nose and accessory sinuses in American bear, Ingersoll, 267.
Nose, contribution to the study of the secreting mechanism, Goodale, 1.
Nose, formation cysts in cartilages, Zarniko, 183.

ODONTOMA causing dentigerous cyst simulating abscess antrum Highmore, etc., Haskin, 502.
Odors and cardiac trouble, Joal.
Orbital infection from ethmoid, McCaw, 589.
Otitic epilepsy, notes, Randall, 590.
Otitis in children, symptomatology acute, Kerley, 793.
Otitis media acuta, primary jugular bulb thrombosis in children complication, McKernon, 792.
Otitis media, brain abscess resulting from chronic suppurative, McKernon, 52.
Otitis media, chronic suppurative, with history acute mastoid exacerbation and latent meningeal symptoms secured later from members of family; radical operation followed by leptomeningitis and death, Phillips, 21.
Otitis media, chronic suppurative, with extensive necrosis in a patient with tubercular hip joint disease and inherited syphilis followed by tubercular meningitis, radical operation for, Phillips, 21.
Otitis media complicating empyema maxillary antrum, case secondary purulent, Konietzko and Isemer, 419.
Otitis media in children, Jacobi, 424.

Otitis media mucosa, Sheppard, 344.
Otitis media, prophylaxis acute, Veis, 176.
Otitis media purulent with its complications, conservative treatment acute, Wiener, 588.
Otitis media suppurative acuta followed by mastoiditis, etc., caused by diplococcus intracellularis, Bacon, 592.
Otitis media, technique of radical operation for chronic suppurative, Richards, 35.
Otitis with cholesteatoma, etc., chronic purulent, Knapp, 168.
Otolith ext. auditory meatus, Godwin, 596.
Ozena patients results paraffin, Zaalberg, 178.
Ozena question, present status, Gruenwald, 182.

PAPILLOMATOUS growths larynx child, Brose, 618.
Paraffin, histologic relation to living tissues, Eschweiler, 801.
Paraffin injected into human tissues, final state, Broeckaert, 802.
Paraffin treatment ozena patients, results, Zaalberg, 178.
Petrous pyramid, caries of both, removal of both, etc., Cauzard, 60.
Pharyngitis, phlegmonous, followed by purulent thrombosis cavernous sinus, etc., Tollens, 188.
Pharyngitis sicca and chlorination, Chauveau, 797.
Pneumococcal sore throat, Pasteur, 606.
Polyp of septum, histology and origin bleeding, Glas, 793.
Polypi, laryngopharyngeal, Botey, 802.
Pyemia following ear disease, bacillus pyocyaneus, Horder, 593.
Pyemia, otitic, Freytag, 163.
Pyocyaneus bacillus pyemia following ear disease, Horder, 593.

RADIUM irrigation, effect, Meyjes, 204.
Radium rays effect on mucous membrane larynx, Freudenthal, 616.
Respiration, comparison nose and mouth, Zwaardemaker, 176.
Retractor, wire, cheek and lip, Mosher, 573.
Rhinopharynx, adenopathies in affections, Gelle, 795.
Rhinoscleroma, Toeplitz and Kreuder, 599.

SAFETY-PIN closer, Mosher, 575.
Salivary calculus simulating angina ludovici, Wingrave, 615.
Sarcoma of maxillary sinus, Leonard, 56.
Sarcoma tonsil, Warren, 193.
Sarcoma vomer, etc., Herring, 603.
Semicircular canals, removal, in aural vertigo, Lake, 578.
Septotome, new, Wells, 571.
Septum cutter, new, Ballenger, 571.
Septum, deviations nasal, etc., Gibb, 183.
Septum, histology and origin so-called bleeding polyps, Glas, 793.
Septum, submucous resection nasal, etc., Ballenger, 394.
Septum, submucous window resection nasal, Killian and Foster, 363.
Septum, window resection nasal, Freer, 213.
Sequestrum of portion petrous bone removed in mastoiditis, Braislin, 594.
Sigmoid sinus, etc., thrombosis after acute mastoiditis, Knapp, 705.
Sigmoid sinus thrombosis, symptomatology, etc., McKernon, 730.
Singing, energy, Zwaardemaker, 195.
Sinus, angina and phlegmonous pharyngitis followed by purulent thrombosis cavernous, etc., Tollens, 188.
Sinus disease, further experiences with, radical operation for frontal, Freudenthal, 494.
Sinus, infective sigmoid and jugular thrombosis, etc., Richards, 591.
Sinus, lateral and sigmoid, thrombosis with jugular exsection, etc., Jackson, 584.
Sinus, maxillary, case of sarcoma, Leonard, 56.
Sinus, new operation and instruments for draining frontal, Ingals, 513.
Sinus, operative treatment chronic suppurative frontal, Turner, 596.
Sinus, radical operation empyema frontal, Freudenthal, 602.
Sinus, sphenoid, operation by maxillary route, etc., Berens, 485.
Sinus thrombosis, case cured otitic, Kan, 162.
Sinus thrombosis, three cases lateral, Lewis, 171.
Sinus thrombosis with large extradural abscess, otogenous, Zaalberg, 160.
Sinus treatment, modern methods accessory, Curtis, 605.
Sinus, two successful cases obliteration frontal, etc., Curtis, 502.
Sinuses, discussion symposium diseases accessory, 520.
Sinuses in American bear, nose and accessory, Ingersoll, 267.
Sinuses, intranasal route in operating upon nasal accessory, Wells, 466.

Sinuses of nose, skiagraphy as aid in diagnosis and treatment diseases, Coakley, 16.
Sinuses statistics otitic diseases cerebral, Takabatake, 166.
Sinuses transillumination frontal, Claus, 180.
Sinusitis, frontal, diagnosis, treatment and results, Coakley, 431.
Skiagraphy as an aid in the diagnosis and treatment of diseases of the accessory sinuses of the nose, Coakley, 16.
Speech-hearing, Quix, 159.
Speculum, laryngopharyngeal, Jackson, 571.
Sphenoid, treatment chronic empyema antrum combined with empyema, Canfield, 603.
Stapes removed with sequestrum in mastoiditis, Braislin, 594.
Stridor, nomenclature congenital, Massei, 202.
Struma vasculosa, case, Zaalberg, 203.
Sulphur, treatment chronic nasal catarrh with, Kolipinski, 602.
Surgery, remarks on abuses intranasal, Mackenzie, 185.
Syphilis case laryngeal, Theisen, 698.
Syphilis, tracheal, Meyjes, 196.
Syphilis, treatment, Capart, 429.

TEMPOROSPHENOIDAL abscess, two cases, Lewis, 168.
Temporosphenoidal abscess with streptococcus infection, report of case, Stephens, 169.
Throat, pneumococcal sore, Pasteur, 606.
Thrombophlebitis, without fever, case otogenous infections, Alexander, 360.
Tinnitus aurium and hallucinations of hearing, etc., Bryant, 547.
Tinnitus due to action tubo-palatal muscles, two cases objective aural, Wells, 590.
Tinnitus, results Babinski's treatment, Tretop, 84.
Tonsil, cartilage in pharyngeal, Zuckerkandl, 190.
Tonsil, crytic structures hyperplastic pharyngeal, Goerke, 189.
Tonsil, sarcoma, Warren, 193.
Tonsils, lymphatic drainage faucial, Wood, 612.
Tonsils, methods operating, Ballenger, 613.
Tonsils, operative treatment, Myles, 192.
Tonsils, significance tuberculous deposits in, Wood, 613.
